Sunset Sweet Peas

GENERAL LIST

A Wonderfully Comprehensive Collection.

\$2.00 per 100 packets; 5 cents per ounce;
15 cents for 4 ounces; 25 cents per
pound except when otherwise noted.

The following list of Sweet Peas embraces all varieties up to and including 1896 introductions. The 1898 and 1897 sets are classed as latest Novelties, and prices may be had on application.

We call special attention to our convenient arrangement of varieties under color-heads, and classified according to type, the largest-flowered appearing first (other points being equal) in each group.

To those wishing to understand in greater detail the peculiarities of the different varieties, we recommend our little book, "SWEET PEA REVIEW," compiled from critical notes made during the Sweet Pea growing season. Price to the trade, 15 cents; retails for 25 cents.

Sunset Selected Seeds

Five hundred packets, your own or our selection, carefully arranged in one of the elegant

SUNSET SEED CABINETS
FOR \$7.50

It will pay you to have one of these Cabinets on your counter. From the fact that every packet is seen without the handling necessary in the old-fashioned commission boxes, they are self-sellers. Each packet costs you $1\frac{1}{2}$ cents, leaving a clear profit of $3\frac{1}{2}$ cents. Compare this with what you pay for seeds on commission, and ask your customers to compare the quality.
